

Complication Management @HKSTENT CICF 2017

PCI Bail-Out Hands-on Workshop

COURSE DESCRIPTION

Learn mechanisms of complication caused by medical devices in order to promote preventive actions.

LEARNING OBJECTIVES

- Go through several complications of PCI and explain its causes and mechanisms.
- Discuss the bail-out options in a small group and try out one of the options through hands-on with actual devices and simulation vessel models.
- Identify appropriate solutions and prioritize it.

PROGRAM FORMAT

Open Discussion (10 mins)
Hands-on (40 mins)
Debriefing (10 mins)

DATE

13-14 May 2017

VENUE

Room S429
Hong Kong Convention
and Exhibition Centre
